

# ADULT HANDBUILDING CHOICES

## AT SANCTUARYSTUDIO

Thank you for choosing SanctuaryStudio for your party!

Please choose from the below list of potential handbuilding projects for your event. Each project is numbered & named- please note the name and number of your chosen project when letting me know your choice for your session.

It is recommended to plan for a two hour visit- however you only pay for the time you use.

Some projects cost an extra flat fee per person.

To add color, please plan for a second visit. Otherwise I will fire on a clear glaze, or leave it without glaze so that you can paint with acrylic paint at home.
