ADULT HANDBUILDING CHOICES

AT SANCTUARYSTUDIO

Thank you for choosing SanctuaryStudio!

Please choose from the list of projects for your event. Each project is numbered & named- please note the *name and number* of your chosen project when booking your session.

It is recommended to plan for a two hour visit- however you only pay for the time you use.

To add color, please plan for a second visit. Otherwise I will fire your work to a glazed white, or leave it without glaze so that you can paint with acrylic paint at home.

Please expect 6-8 weeks before pottery will be ready for pickup.

1 - LITTLE LANTERN GHOST

Go through the basic steps of creating small ghost lantern form, then use your own creativity to personalize and give your ghost lots of character!

2 - LITTLE LIDDED PUMPKIN

Create a mini lidded pumpkin... then customize with a face, words, or halloween themed stamps!

3 - FALL GOURD DISH

Using the slab and drape building technique, create a functional dish that is decorative too!

4 - CHRISTMAS TREE

Drape a layer of clay over a form, then press balls of clay to create the branches of your tree.

5 - NATIVITY

Choose your lace or create a texture of your own design with provided tools. Then use modeling, draping and slab techniques to create and personalize a mini nativity.

6 - LACE ANGEL

Choose your lace or create a texture of your own design with provided tools. Then using the slab and drape building technique, form an angel and decorate.

7 - CUSTOM ORNAMENTS

Just like making Christmas cookies, only these will last forever! You'll be provided with a variety of cutters and decorating options with only your creativity as the limit.

The cost of up to 3 ornaments per person is included, each additional ornament will carry a \$5 firing fee.
